## Flying Fish Brewing

presents a perfect summer beer:  
it's easy to drink, flavorful  
and highly quenching

This beautiful golden beer features  
a beautiful creamy head that comes  
from adding just a touch of wheat.  
A little bit lower in alcohol, it's a beer  
customers will enjoy all summer.

Lightly filtered, the Summer Ale has  
exceptional malt character, a slightly spicy  
hop presence and a clean, dry finish.

Available  
throughout the summer
